SELECTED EXECUTIVE EXPERIENCE

NWN | Product & Technology Leadership

Led AI-enabled platform and portfolio strategy for a \$1B+ services organization. Architected the Experience Management Platform and contributed to \$300M+ in revenue growth.

DXC Technology | Global Portfolio Leadership

Led a 250-person organization supporting a \$2B workplace portfolio. Platform automation reduced cost-to-serve 20-30% and improved resolution times more than 25%.

Pearson | Global Workplace Transformation

Built Global Workplace Services and led a team of up to 120. A Microsoft 365 and Teams program serving 52,000+ employees delivered 35% cost savings.

Nortel | Business Building & Enterprise Leadership

Progressed to CTO and General Manager, building and scaling a \$50M+ Network Application Services business. Career experience also includes executive IT leadership at CSC.

WAYS TO WORK TOGETHER

Full-time executive roles; fractional and interim leadership; AI and transformation advisory; technology due diligence; board opportunities.
